

CloudNYne

Wedding, Corporate Event, Dance, and Party Band
Hudson Valley New York's Hottest Dance and Party Band

CloudNYne is an extremely versatile, high energy band, featuring a spectacular mix of music, from yesterday's favorites to today's hottest dance hits.

With a harmonious blend of personalities and charismatic styles, CloudNYne is sure to spark an evening of entertainment that always includes crowd involvement. We are a close knit group of musicians that play together often. You will never see a substitute musician at any event because we just don't believe we would sound the same. It is our goal to see to it that you get the very best of us!

CloudNYne is available for both public and private events. From weddings to corporate events to night clubs, CloudNYne is the band to hire to make any event unforgettable and most of all... FUN! We customize every event to fit the crowd we are performing for. We have a large repertoire that includes pop, rock, disco, funk, swing, standards, blues, jazz, reggae, rap, oldies and Motown. You name it, we play it! We have a style for everyone.

Versatility is our best asset so at your request, we can perform in formal tuxes and play Frank Sinatra or dress like beach bums and play rock & roll for your backyard pool party. We are here to accommodate and entertain you. That's what we do!

We provide continuous music for your event with our PROFESSIONAL DJ SYSTEM while we are on break, which is no more than twice during a 4-hour event. GREAT NEWS for those of you that are having a tough time deciding between a DJ or a band, we offer both! So, why choose when you can have it all? We also provide music for wedding ceremonies and cocktail hours as well. We offer a keyboard player, guitarist or both. We can also add on a full horn section if you would like although a saxophone is usually the most desired.

Why choose CloudNYne?

- Competent, professional & experienced
- Fabulous light show with DJ service included
- Outstanding & diverse vocals
- State-of-the-Art sound system that's never too loud
